Important Messages

Note: The team handicap listed on the sheet is based on the top 4 regular bowlers listed on the sheet for each team. If either team has subs bowling, the handicap must be recalculated. The handicap will be figured at 90% of the difference between each team's average. (Ex. Team 1 Average = 640, Team 2 Average = 590, Team 2's Handicap would be: (640 - 590) * 0.9 = 45. Handicap always rounds down to the nearest whole number.
