Entering scores each week

The order in which scores should be used are as follows:

1. Bowlers from your lineup who are present or who prebowed
2. Substitute bowlers who are present (substitutes cannot prebowl)
3. Blind scores of bowlers from your team. The blind score is the average from recap or standings minus 10 pins.
4. Vacant scores. Vacant scores are entered as 150 (there is no 10 pin subtraction). Only teams with vacant bowlers on their team lineup are allowed to use vacant scores.

To avoid a forfeit, a team must have two "live" bowlers: at least one bowler from their lineup (present or prebowed) and a substitute. Teams with vacant bowlers in their lineup may count one vacant as a "live" bowler if necessary.

If you have any questions, please see Bruce or another league officer before bowling starts.
