League Info

- Entering Average: 2022/23 TLSC adjusted average or 2022-23 winter only composite average. All players will have their entering average adjusted to a "Challenge" average with the USBC Average Conversion Chart
- Sub Rule: Eligibility - A sub can be any player whose average is no more than 5 pins higher than that of the league member's average they are bowling for. If a player has 9 or fewer games bowled, the average is based on entering average. If a player has 10 or more games bowled, the average is based on current average. A substitutes entering average must be adjusted to a "Challenge" average. A substitute's eligibility must be determined by a league officer before they can begin league play
- Absent Player: The first 2 absences will be the players' average minus 10 pins (9< games = entering average, 10+ = currnet average). Starting with the 3rd absence, the players blind score will have an additional 5 pins added to the deduction for every weeks missed (3 abs = 15 pins, 4 = 20 pins, 5 = 25 pins, ect)
- Oil Patterns: 1st Qtr:2022 USBC Sernior Champ. Sweeper #3 | 2nd Qtr: 2020 SYC Smyrna Long | 3rd Qtr: Kegel Gateway Arch | 4th Qtr: Kegel Titanium
