Important!

WINNER OF 3rd QUARTER DUECES HAPPENS?

Individual Handicap is used to determine Team's handicap! Using 240 as a base and subtracting your average, then multiply that number by 90% = individual handicap

The Recap Sheet's team handicap is based on the first 5 bowlers listed, if you make any changes by adding bowlers the handicap will need to be re-calculated, based on above information.

All Bowlers use last year's average in this league, or their highest average last year, if no average they will establish an average after they have bowled their 3 games!

Substitutes for knockdown nights must have 3 games in the league to compete in 1st Qtr FINAL knockdowns, 6 games in 2nd Qtr FINAL knockdowns, and 9 games in the rest of the season's FINAL knockdowns. Substitutes will be permitted for Play-Offs and Sweeps, as-long-as they have bowled 21 games in this league. No pre-bowling permitted in Play-offs and Sweeps. (5/17/24 & 5/24/24)
