Important Messages

The Standings have been updated due to an error in the previous version. A team had pre-bowlers and the scores were not entered. This has been fixed and should now show the corrected wins / losses from last week.

Teams bowling an absent team must bowl within 40 pins of their team average to win the game/points but absent teams cannot win any points even if the opposing team doesn't bowl within 40 pins of their average. Sorry for any confusion. See you Thursday!
